EDUCATION

Cyber Security

Bahrain Polytechnic

06/2022 - Present Bahrain

- Gaining hands-on experience in network security, ethical hacking, digital forensics, penetration testing, Python scripting, and threat detection.

Full-stack Developer

Reboot01

08/2025 - Present Bahrain

EXPERIENCE

Full Stack Developer

Reboot01

08/2025 - 08/2027 Bahrain

Company Description

- Built a custom TCP communication tool supporting remote command execution
- Developed a packet-sniffer to monitor and log network traffic using low-level sockets
- Created a password brute-forcer for educational cyber security purposes
- Developed a Telegram & discord bot with command parsing, auto-replies, admin tools, and utility functions
- Built several responsive websites using HTML, CSS, and Go backend logic

Applied project

BH Polytechnic

03/2025 - 04/2025 Bahrain

Applied Project

- Led end-to-end project lifecycle: planning, execution, monitoring, and delivery
- Defined project scope, goals, and deliverables aligned with business objective
- Developed detailed project plans, timelines, and resource allocation schedules
- Managed cross-functional teams, ensuring clear communication and accountability
- Tracked project progress using MS PROJECT
- Identified and mitigated risks to ensure on-time and on-budget delivery
- Conducted stakeholder meetings and provided regular status updates
- Ensured quality standards & time match

SUMMARY

Dedicated and motivated Cybersecurity student at Bahrain Polytechnic with hands-on training at Reboot01. Skilled in penetration testing, vulnerability assessment, network monitoring, and digital forensics. Experienced in Python scripting, Golang development, Linux and Windows administration, and both backend and frontend development. Proactive and detail-oriented, with a strong focus on secure coding, threat detection, and implementing effective cybersecurity solutions.

KEY ACHIEVEMENTS

Training Completion

Completed over 200 hours of training in ethical hacking and network security.

Vulnerability Assessment

Successfully identified 50 vulnerabilities during practical assessments at Bahrain Polytechnic-Ethical Hacking.

LANGUAGES

English & Arabic
Native

INTERESTS

 **Pentration Testing & Ethical hacking**

 **Network security & Threat anlysis**

 **Front-end & Back-end Development**

SKILLS

Python, GoLang, Java, AI & Machine Learning, Web & Backend Development, Cybersecurity & Pentesting, Git, Docker and Cloud basics, PHP, Lua
